Objective

To complete the Full Stack Coding bootcamp and become a full-fledged web or software developer.

Education

- *Stephen F. Austin State University*
  - Bachelor of Science in Nursing (BSN), 2016
- *Southern Methodist University (Current)*
- Full Stack Coding Bootcamp

Coding Skills

HTML	CSS	JavaScript	Node.js	Web APIs

Projects

Group Project 1: "Buzzwords" - https://caitlinscodes.github.io/group_project_one/

- Used JavaScript, APIs, Bootstrap, HTML and CSS to create a site that pairs a cocktail with a random book based on the genre and drink base chosen by the user

Day Planner: https://boldsja.github.io/day-planner/

- Used JS, Bootstrap, HTML, and CSS to create a site that uses local storage to store input from user, and is color coded based on whether the current time is in the past, present, or future.

Password Generator: https://boldsja.github.io/PasswordGenerator/

- Used JS, HTML, and CSS, to create a site that generates a random password based on parameters chosen by the user.
